

# Kodiak Viewer Android App Instructions (v2.0)

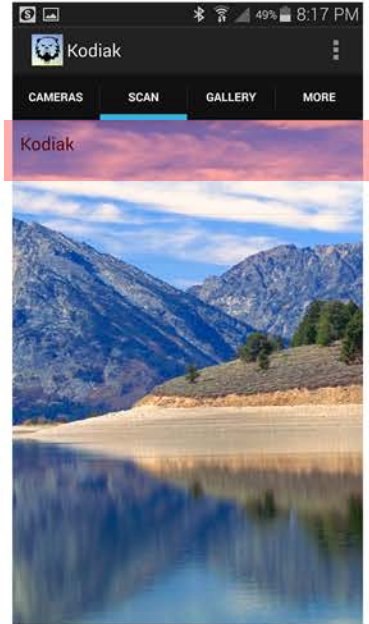

Download the "Kodiak Viewer" app from the Google Play Store

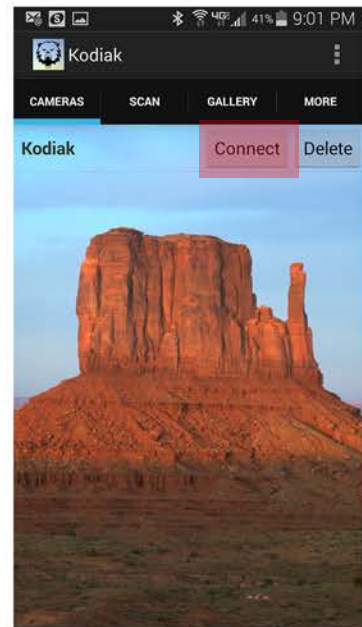

Open the "Kodiak Viewer" app

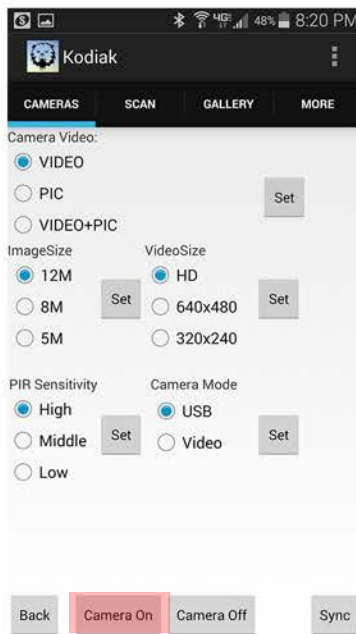

Navigate to the scan screen

Select "Kodiak" from the list (may take a moment to update on camera screen)

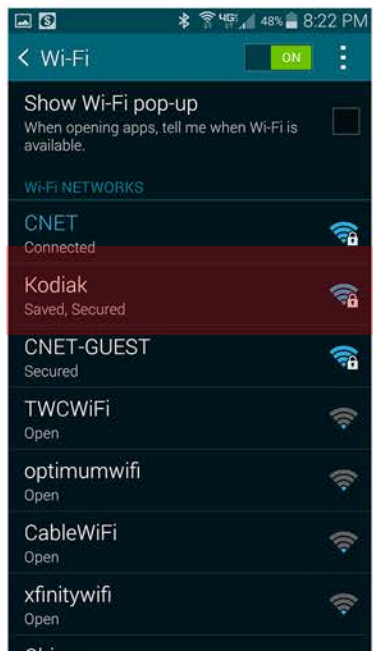

Navigate to the cameras screen and press connect

Press "Camera On", then wait for the red light on the camera to turn on

Leave the app open and go to your phone's settings

Click on Wi-Fi, then connect to Kodiak (may take a minute to show up) **Password: 12345678**

Go back to the Kodiak Viewer app and press "Sync"

Photo thumbnails will load (could take several minutes depending on qty). Simply click on the ones you would like to save to your gallery.

Click gallery to view your saved photos. Simply quit out of the app to turn the camera Wi-Fi off.
